

We love our mum. And we love our dad.

They take very good care of us,  
no matter who we're with.

It's fun to be with Mum and Dad,  
even though they live in different houses.

Dad plays dress-ups with us.

'What's that in the sky?  
A bird? A plane?  
No ... it's Super Dad!

We laugh and laugh.

Mum used to laugh  
at our dress-ups too.

Mum has a splendiferous garden.

We dig in the dirt and  
plant our own vegetables  
and watch  
them grow from  
tiny little seeds.

It makes us smile!

We eat popcorn and watch 3D movies with Dad.

We try to grab the figures that pop out at us.

'Ooooh! Ahhhh!'
